

GERMAN STEAM ROLLER IS ONCE MORE IN ACTION

O'LEARY CROWD
WELL TREATED
BY OLD PARTY

Further Details of Conference Shows That Working Agreement Had Been Arrived At.

REBUKE TO PRESIDENT
IN STRIKING CONTRAST

Explanation of Correspondence With Wilson Given by O'Leary at Meeting Held at Chicago.

News-Times Special Service:

NEW YORK, Oct. 24.—Charles Evans Hughes, having publicly admitted his secret personal conference with Jeremiah A. O'Leary and his associates, the democratic national committee today disclosed details of the secret arrangement between the O'Leary organization and western headquarters of the republican national committee in the interest of the Hughes candidacy.

Today's statement is based upon the official records of the O'Leary organization. It follows the publication yesterday of excerpts from the official minutes revealing for the first time the fact of the personal conference between Candidate Hughes and the O'Leary committee and setting forth the demand upon Mr. Hughes by the promise alleged to have been made by the republican national nominee.

Sent Out Invitations. It also includes copies of invitations to a meeting of the American independence conference to be held at the Republic house, Milwaukee, on Wednesday, Oct. 25. One form of invitation is sent to the president of German Catholic societies of Wisconsin and another form to Catholic priests. Both are signed by Will R. MacDonald, who was a member with Jeremiah A. O'Leary of the special committee that waited on Candidate Hughes.

This, the second installment, sets forth verbatim quotations from the official records of O'Leary's "American independence conference" and Mr. Hughes' speeches bearing upon the following subjects:

- 1.—The working agreement between the O'Leary organization and the republican national committee, perfected at the secret conference held in Chicago on Sept. 26th, between Hughes' campaign managers and Daniel F. Cohalan of this city acting as the spokesman of the O'Leary organization.

Promise is Fulfilled. 2.—The fulfillment by Candidate Hughes of the promise alleged in O'Leary's report to have been made to the special committee of the "American independence conference."

3.—The reward of Mr. Hughes and his campaign managers.

4.—The concealment by them of their dealing with the O'Leary organization.

In striking contrast to the secrecy of the negotiations in the interest of Mr. Hughes' candidacy is the stirring, emphatic rebuke of President Wilson to O'Leary at the very time when these negotiations were under way. O'Leary's telegram to the president and the latter's reply were made public on Sept. 23, appearing throughout the country in the morning newspapers of Sept. 30, the date of the Chicago gathering of the O'Leary contingent and conference with the republican leaders. In fact the minutes of the "American independence conference" show that while individuals and newspapers, many of them republican, throughout the country were applauding O'Leary as being secretly glorified by his adherents at the Chicago meeting, an entry shows:

Explains Correspondence. "Committee member O'Leary explained his correspondence with President Wilson and read to the committee the message he was sending to the president in reply to the president's message to him."

The official minutes of the secret Chicago meeting on Sept. 30 show that immediately after O'Leary had submitted his report to the Hughes committee, as set forth in yesterday's statement of the democratic national committee, Daniel Cohalan, supreme court justice of New York, who attended both the Detroit and Chicago meetings addressed the Chicago gathering at length, urging the wisdom and advantage of a further understanding with the republican national committee.

The entry upon this point, though (CONTINUED ON PAGE FOUR.)

U-53 Sent Down
Few Days After
Raid on Coast

International News Service: BOSTON, Oct. 24.—The U-53, the sensational German submarine raider which sank five merchant vessels off Nantucket lightship on Oct. 8, has been sunk by the British patrol boat Stanley, according to an official report. In Canada, brought here today by Capt. W. G. Tudor, of the British freighter Hochelaga. The U-53 is supposed to have been trapped and destroyed while lying off Sydney, N. S., waiting for troop ships. Capt. Tudor, who arrived here today with a cargo of coal from Louisbourg, Cape Breton, said: "Just before I left Louisbourg I was told that I need not worry about German submarines. The German submarine is supposed to have been sunk three or four days after the raid off the Nantucket lightship. According to the story I heard, the U-53 was waiting to get a shot at some troop ships when the Stanley stumbled across her, damaged her turret so she could not submerge and then sunk her. I don't know what happened to her crew."

W. D. HEADRICK IS
OUT FOR WILSON

Former Progressive Leader in Indiana Works for President's Reelection.

INDIANAPOLIS, Ind., Oct. 24.—W. D. Headrick, progressive leader in Indiana, has declared himself for Woodrow Wilson. So strong is his conviction that all progressives should support the president that he is making a tour of the state on his own responsibility. He is one of the strongest speakers in Indiana and his name will attract large audiences.

When progressives were making up their Indiana ticket Mr. Headrick could have had any place he would accept, but as chairman of the state convention he expressed the wish to retire from politics. He was one of the first progressives in Indiana to become a progressive in 1912 and was one of the powers in that campaign and again in 1914.

In a speech at Indianapolis last week Mr. Headrick said, among things:

Follows Best Judgment.

"I am for Wilson because I have tried to give the matter careful consideration and am now following what is to me my best judgment. I have a deep-seated conviction that he is for the masses as against Wall st. when the interests of Wall st. and those of the masses conflict. The picture of 'Mary and the vineyard cottage' is still with me, and I still believe the hand of the invisible government is busily engaged in trying to defeat Wilson. He is for proper defense and at the same time is doing his best to avoid war. Hughes has appealed to the progressives to forget past differences and work hand in hand with the republicans to secure his election. I am still a progressive and am supporting Wilson because of that fact. It is impossible for me to forget a difference either past or present, when that difference is a principle."

MAKES PROGRESS ON ROAD

Rapid progress is being made on Lincoln way W., according to the report of the Chamber of Commerce committee, made Tuesday. Ackerman and Runyan, the contractors, are rushing the work and are averaging around 300 feet a day. The road is completed to within a mile of the Chain lakes road. If good weather holds out, this mile is expected to be finished this fall. The half mile stretch to the city is fair road and the worst part of the highway will have been improved. Last year road work was carried on until Nov. 19 and it is hoped that the same weather conditions will prevail this year.

TREVINO ARMY
AT CHIHUAHUA
READY TO QUIT

Troops Have Shot Away Practically All Their Ammunition—Appeals to Juarez For Help.

WIVES OF CARRANZA
AND OBREGON IN U. S.

First Chief and War Minister at Queretaro—Gen. Gonzales is Back as Commander.

International News Service:

WASHINGTON, Oct. 24.—The continued victory of Francisco Villa's army over the troops of the defacto government of Mexico was reported to Washington today in dispatches which forecast the capture by Villa at an early date of Chihuahua, chief city of northern Mexico.

Carranza, according to today's report is in serious straits. His troops under Gen. Trevino, worn out by two days' fighting around Chihuahua, with Villa's forces, victorious, have shot away practically all of their ammunition.

Worsted in the fighting and without sufficient troops of supplies, Gen. Trevino has been obliged to appeal to Juarez for reinforcements. It seems probable now that Trevino will be called upon almost any day to make his last stand to hold Chihuahua against Villa's attack.

Following the report received here today that the wives of Gen. Carranza and Obregon, his minister of war, had come to the United States came a dispatch today saying that the first chief himself and Obregon were in Juarez. These reports are puzzling to state department officials, who up to the time of the arrival of Senor Carranza and Obregon on American soil, had denied they intended to leave Mexico.

That Obregon and his chief intend staying a considerable period in Queretaro is indicated by the fact that 50 carloads of munitions as well as other supplies have been sent to the latest refuge of the first chief and his war minister. The return to Mexico, as commander of the forces there of Gen. Pablo Gonzales adds an element of complication in affairs in southern Mexico. Gonzales has long been at odds with both Carranza and Obregon.

Will Hear Two
Railroad Suits
At Same Time

Suits of the Chicago, Lake Shore and South Bend Railway Co. and the New York Central Railway Co. to have the Indiana public utilities commission revoke or modify its order requiring them to elevate their tracks over Lincoln highway near New Carlisle will be heard in circuit court at the same time. Judge Walter A. Funk made this decision Tuesday morning after having taken under advisement this week. Arguments of attorneys for the railway companies and the public utilities commission on whether the cases should be tried before a jury were heard. This question was taken under consideration by the court and a decision will be made within the next few days. As soon as this matter has been decided the attorneys will argue on the date of the trial. The commission's representatives contend that it is an emergency matter and is entitled to a hearing at the earliest possible date.

"I Am Happy to Be Working for a Reunited Party"—Charles E. Hughes at Milwaukee.

AUTO RUNS INTO
RIVER; FOUR DEAD

Chicago Police Are Searching For Bodies—Two in Party Escape.

International News Service: CHICAGO, Oct. 24.—Police today are dragging the Chicago river for the bodies of two men and two women, drowned when the automobile in which they were riding with two other women went through the open draw of a bridge.

The dead are: Miss Lillian Klausner, 26, a social worker; Miss Jennie Klausner, 22, teacher; Sylvan Kusel, 26, University of Chicago student, fiance of Miss Jennie Klausner; Huro J. Warner, 31, manager of an advertising company.

Mrs. Warner and Miss Sarah Bernstein, a teacher, rescued from the river, are in a state of collapse today. Kusel gave his life for Mrs. Warner. Placed where he could crawl through the smashed window of the car, he remained to free Mrs. Warner's clothing from the car's lever and push her out of the machine. She and Miss Bernstein were picked up by the crew of a tug.

The party was returning from a settlement house entertainment. Eye witnesses say the bridge danger signal was not burning and its warning count failed to ring while the draw was open.

BURYING THE HATCHET

International News Service: GENEVA, Oct. 24.—Fears that Mr. Venizelos may use his revolutionary army in Greece for the purpose of overthrowing the government of King Constantine are being openly expressed in Athens, says a dispatch received here today.

Although the Greek government has previously stated its willingness to withdraw troops from Larissa, it is now protesting against the allies' demand that all the Greek soldiers be withdrawn from Thessaly. It is declared by Constantine's advisers that the Greek troops are needed there to prevent the revolutionary army from marching on Athens.
